

Introduction:

I am Aakash Borji, currently a student of VESIT, Chembur, pursuing a Bachelor's degree in Engineering in the AIDS Department. I study in class D6ADA and am actively involved in various activities within the department. I am writing this Statement of Purpose to express my interest in joining ISTE-VESIT.

Why do you need ISTE?

ISTE is one of the most prominent technical societies at VESIT, offering a wide range of technical and non-technical workshops that help students develop important skills. By joining ISTE, I will have the opportunity to enhance my soft and hard skills, while also engaging in events that require creativity, teamwork, and dedication. I am eager to expand my knowledge, learn from others, and become more versatile in my approach to problem-solving, which will prepare me for future endeavors in both academics and professional life.

Why does ISTE need you?

I bring a strong sense of commitment and adaptability, always striving to do my best in every task. I am quick to learn and can adjust to new situations with ease. My enthusiasm for acquiring new skills and taking on responsibilities beyond my comfort zone makes me a valuable team mate. I am open to sharing ideas, providing feedback, and thinking on my feet to ensure smooth operations. My approachable and cooperative nature helps me work well with others, which I believe will contribute positively to the overall success and dynamic of ISTE.

Interests:

- Playing Sports
- Watching movies
- Listening to Music

Strengths:

- Leadership
- Teamwork
- Public Speaking

- Patience
- Multitasking
- Perseverance
- Always Confident

Weakness:
